### how to plan your lighting event

Begin by considering the size of your event: are you sponsoring a rock concert, or are you bringing a guest speaker to campus? If you're unsure what sort of lighting will be appropriate and effective for your event, please contact us at lnl@wpi.edu and we'll be happy to work with you to arrive at the ideal solution. Please remember that, although our primary goal is to ensure your event is a success, we must also consider how best to distribute our limited equipment and crew between multiple events, and thus we may suggest changes to your initial proposal.

Any equipment not owned by LnL that is required for an event will be rented. The cost of the rental will be charged, as well as a 10% LnL production fee.

Prices are subject to change depending on each event’s particular requirements. Please contact us if you have any questions or concerns, either by calling 508.831.5595 or emailing lnl@wpi.edu. Prices are assessed after the completion of an event based on the actual equipment used. Work orders may be submitted via the web at http://lnl.wpi.edu/workorder.html or through the Student Activities Office. This list was last revised A term 2011.

Under special circumstances, LnL equipment may be available for rental in weeklong periods. The decision to rent equipment rests solely with the LnL executive board, and rentals will only be approved when the executive board can be assured that the equipment will be used by trained personnel.

Events that span over multiple days may incur an additional charge up to 100% of the original cost per day, at the discretion of the Vice President.

Events where LnL provides both sound and lighting packages will receive a 15% discount. Under extenuating circumstances, this discount can be adjusted at the discretion of the Vice-President.
